PROJECTS

Resume Builder | Html, CSS and JavaScript   Aug 2024

- Designed an interactive **Resume Builder application** that allows users to create and customize their resumes with ease.
- Utilized **HTML** for structuring the content, **CSS** for styling, and **JavaScript** for implementing interactivity and data handling.
- **Key Features**: Real-time preview, downloadable PDF generation, and user-friendly form validation.

Personal Portfolio | Html, CSS and JavaScript **|** 🔗 Link   May 2024

- Designed and structured a responsive **Personal portfolio** using HTML, CSS, and JavaScript to showcase my web development projects and skills.
- Implemented a clean and user-friendly interface, ensuring seamless navigation across different sections.
- **Responsive Design:** Ensured the website is accessible across various devices, with a user-friendly interface that adapts to different screen sizes.

Online Code Editor | Html, CSS and JavaScript **|** 🔗 Link   Mar 2024

- Created a fully functional **Online code editor** that allows users to write, edit, and preview HTML, CSS, and JavaScript code in real-time and ensuring usability across various devices and screen sizes.
- **Live Preview:** Real-time rendering of HTML, CSS, and JavaScript code, enabling users to see the output.
- Added functionality that allows users to **copy** the written code to the clipboard easily and **clean** the written code with a single click, improving usability.

TECHNICAL SKILLS

Languages: Java and JavaScript
Libraries & Frameworks: jQuery and Bootstrap
Specialization: Data Structure and Algorithm, OOPs and Front-End Development
Developer Tools & OS: Git, Git-hub, VS Code, Eclipse, Linux, MySQL, Windows
